Plotly Studio: Transform any dataset into an interactive data application in minutes with AI. [Sign up for early access now.](#)

## Dash Support and Contact

Dash Open Source is an open-source library that is developed and maintained by **Plotly**.

**Dash Enterprise** is a commercial product for writing & deploy Dash apps and Jupyter notebooks. 10% of the Fortune 500 uses Dash Enterprise to productionize AI and data science apps.

### Commercial Support

If you are a Dash Enterprise customer, reach out to the Plotly support team by email. This includes professional support for Dash Open Source & Dash Enterprise. [Find out if your company is using Dash Enterprise.](#)

### Dash Demos and Enterprise Trials

If you or your team would like to demo, trial, or license a Dash Enterprise, [get in touch with us directly.](#)

### Sponsored Feature Requests and Customizations

If you or your company would like to sponsor a specific feature or enterprise customization, get in touch with our [advanced development team.](#)

### Community Support

Our community forum at [community.plotly.com](#) has a topic dedicated on **Dash**. This forum is great for showing off projects, feature requests, and general questions.

If you have found a bug, you can open an issue on GitHub at [plotly/dash](#) or [plotly/documentation](#).

### Direct Contact

If you would like to reach out to me directly, you can email me at [chris@plotly.com](mailto:chris@plotly.com).

Plotly is also on Twitter at [@plotlygraphs](#).

We are based in Montréal, Canada and our headquarters are in the Mile End. If you're in the neighborhood, come say hi!
