Plotly Studio: Transform any dataset into an interactive data application in minutes with AI. [Sign up for early access now.](#)

Dash Notes

Dash Enterprise

With Dash Notes, your entire Dash app becomes a drawing canvas. Users can add free-form or text-based annotations to share insights or to better present the data. Take it a step further by enabling notes persistence or triggering emails to stakeholders when notes are added.

Dash Notes is available with Dash Enterprise. [Find out if your company is using Dash Enterprise.](#)
